

12-18-2009, our interactive robot at Creative Weekend Madrid

Cairo Hilton and bowls seen in Shanghai

12-05-2009, prototype of BaksheeshBoy in Stuttgart

ui ui is a joint venture of Moritz Schmidt and Gregor Kuschmirz.

Moritz Schmidt is a product designer. He is a trained mechanic and graduated from Munich University of Applied Sciences.

Schmidt taught Product Design at the German University in Cairo at the Faculty of Applied Arts. He co-founded design net-work eemo and worked for various design-offices and clients, including BenQ Siemens Mobile, Stockinger Safety First Class, Bosch Siemens and IDEO.

In addition he was involved in various workshops, such as Design Parcours Munich 2005 and Design + Industry Workshop Cairo 2008. Schmidt currently does not work.

Gregor Kuschmirz is a visual and concept artist, video director and performer.

He graduated from Munich University of Applied Sciences and from Baden-Württemberg Film Academy in Ludwigsburg.

Kuschmirz taught at the German University in Cairo at the faculty of Applied Arts. He created the "Stock Exchange of Visions" for FABRICA and Centre Pompidou and earned artistic and commercial working experience in Barcelona, Caracas, Prague, Rome and Shanghai.

Above all he is considered to be the perfect husband.
